Title: Pragmatism and the Naturalist Project in Ethics and Politics: Lessons from Peirce, Lewis and Ramsey

Year: 2016

Journal: Political Studies Review

Volume: 14

Issue: 1

Pages: 7-16

Keywords: C. I. Lewis, Frank Ramsey, Political Theory, Naturalism, Cognitivism

Abstract: It is argued here that the pragmatism of C.S. Peirce, C.I. Lewis and Frank Ramsey can deliver a cognitivist, naturalist account of ethical and political inquiry. The ensuing position escapes relativism and delivers a conception of ethical and political beliefs on which they are evaluable.
