

'Truth' (pub. 24.03.18-15:41). Quote in M. Bergman & S. Paavola (Eds.), *The Commens Dictionary: Peirce's Terms in His Own Words. New Edition*. Retrieved from <http://www.commens.org/dictionary/entry/quote-logic-quantity-7>.

---

**Term:** Truth

**Quote:** A proposition should be defined as that which *professes* to be true, or assigns a logical value to itself. The *Truth* is defined as that logical value which a proposition assigns to itself. Whether or not there really is such value, whether there *is* any truth is a question, not of definitions, but of fact.
