'Induction' (pub. 03.02.13-18:15). Quote in M. Bergman & S. Paavola (Eds.), *The Commens Dictionary: Peirce's Terms in His Own Words. New Edition*. Retrieved from

http://www.commens.org/dictionary/entry/quote-lowell-lectures-logic-science-or-induction-and-hypothesis-lecture-v-0.

Term: Induction

Quote: These differences between these two scientific inferences are so great that it

seems to me essential to a right understanding of the subject that we should recognize two kinds of scientific reasoning, Induction and Hypothesis. Induction is the process by which we find the general characters of classes and establish

natural classifications. [—] So that we have

Deduction Induction and Hypothesis

as three coördinate classes of reasoning.
