**Term:** Real

**Quote:** What we can in some measure know is our universe in such a sense that we cannot *mean* anything of what may be "beyond." But the *Ding an sich* is very different from my idea of the Real, which is what I *opine*, or incline to believe that the men wisest about it will some day come unceasingly (as long as such wise men there be) to opine to be an element of the truth.
