

# *Seme*

1906 | Prolegomena to an Apology for Pragmaticism | CP 4.538

---

A familiar logical triplet is Term, Proposition, Argument. In order to make this a division of all signs, the first two members have to be much widened. By a *Seme*, I shall mean anything which serves for any purpose as a substitute for an object of which it is, in some sense, a representative or Sign. The logical Term, which is a class-name, is a *Seme*. Thus, the term "The mortality of man" is a *Seme*.
